

# AURORA

## Unique and adventurous design

Do you want to add an eye-catcher to your resort, glamping site or holiday park? Aurora is what you are looking for! This luxurious lodge stands out for its design, robust wooden frame, and nautical details.

It offers impressive glamping accommodation for guests looking for a unique stay in the great outdoors. The Aurora is our most stylish glamping lodge with room for up to four people. It has a veranda, a fully-equipped kitchen, two spacious bedrooms with box-spring beds, and each room comes with a bathroom with shower and toilet. It is perfect for families and friends who want to enjoy outdoor living in luxury.

The Aurora can be equipped with air conditioning, to give your guests extra comfort, and you can add a swing to the veranda, so your guests can relax with a book and a drink.

With all the comforts of home, the Aurora takes glamping to a whole new level!

- ✔ Unique shape with nautical elements to give your resort a distinct look and feel
- ✔ Spacious outdoor living, designed for the warmer seasons
- ✔ Fully-equipped kitchen, including an oven
- ✔ Two separate master bedrooms

# SPECIFICATIONS AUROA

Elements	Colour	Specifications	Technical standards
PVC Roof	Beige Brown Green	UV and flame retardant PVC 650gr/m <sup>2</sup> .  The PVC is easy to clean and meets the stringent European, British and American fire regulations (M2, B1 and DIN 4102 standard).	BS 7837  DIN 4102 – Class B1  M2 Classification NFP 92-503  EN 13501-1 B-s3, d0  Total weight DIN and ISO 2286-2 – 650 gr/m <sup>2</sup>
Canvas inner tent	Beige	Flame retardant and Royal Ten Cate Campshield 420gr/m <sup>2</sup> with the same unique breathability as cotton. In 2009 Ten Cate outdoor Fabrics introduced an innovative fabric with inherently flame retardant properties. The fibers in this fabric provide extra security and protection. It is scorch, glow and spark resistant. Textile material that is flame retardant has an inhibiting effect on the occurrence of fire and slow fire spreading.  The Royal Ten Cate Campshield meets with the strict standards of the European, British and American fire regulations. The Campshield of Ten Cate is designed for year round use (summer-winter). It will remain in perfect condition, in all kind of weather standards for many years and is water and dirt repellent.  The windows are double layer made of mosquito net and transparent PVC. They can be closed with roll downs blends.	BS 7837: 1996  DI N 4102 part 1 – 1998Of Class B2  M2 Classification NFP 92-503 (1995)  CSE RF 1/75/A (1984)  Comfort CPAI 84  Water- and dirt repellent  Weight 420gr/m <sup>2</sup> + 5%
Fixing		The inner tent hanging system is a unique system. It has point loading, so the weight is distributed by multiple fixing points across the surface of the structure.	
Construction		The connectors of the construction are made from 2.9mm hot dipped galvanized steel.  The poles have a dia of 80 or 100mm.	

## Why choose us?

It's all in the detail. Our beautiful, sustainable glamping tents are not mass produced, but are created by a team of specialists with a passion for outdoor living. We personally manage every aspect, from the initial concept and product design, to the sourcing of eco-friendly materials and construction, to quality control. And it doesn't stop there, we provide ongoing service and support, long after you have bought your tent or lodge.
