

V SHAPED BAFFLE CEILINGS

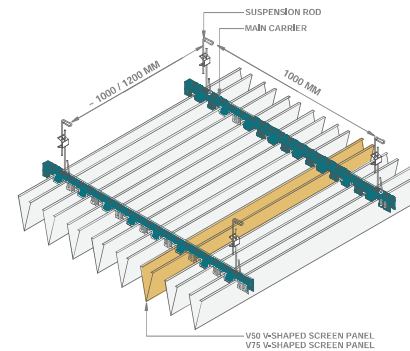

Make the space more sound absorbent and linearly aesthetic with V-shaped Baffle ceiling systems! It is a high-performance solution for residential and commercial spaces that allow thermal as well as acoustic insulation while maintaining the tasteful style of any space.

Our V-shaped Baffles accentuate the space with a unique effect of refined elegance. They add a generous amount of functionality with high-quality, long-lasting materials.

APPLICATION: Hotel Passage, Terrace, Roof Deck, Lift Lobby etc.
